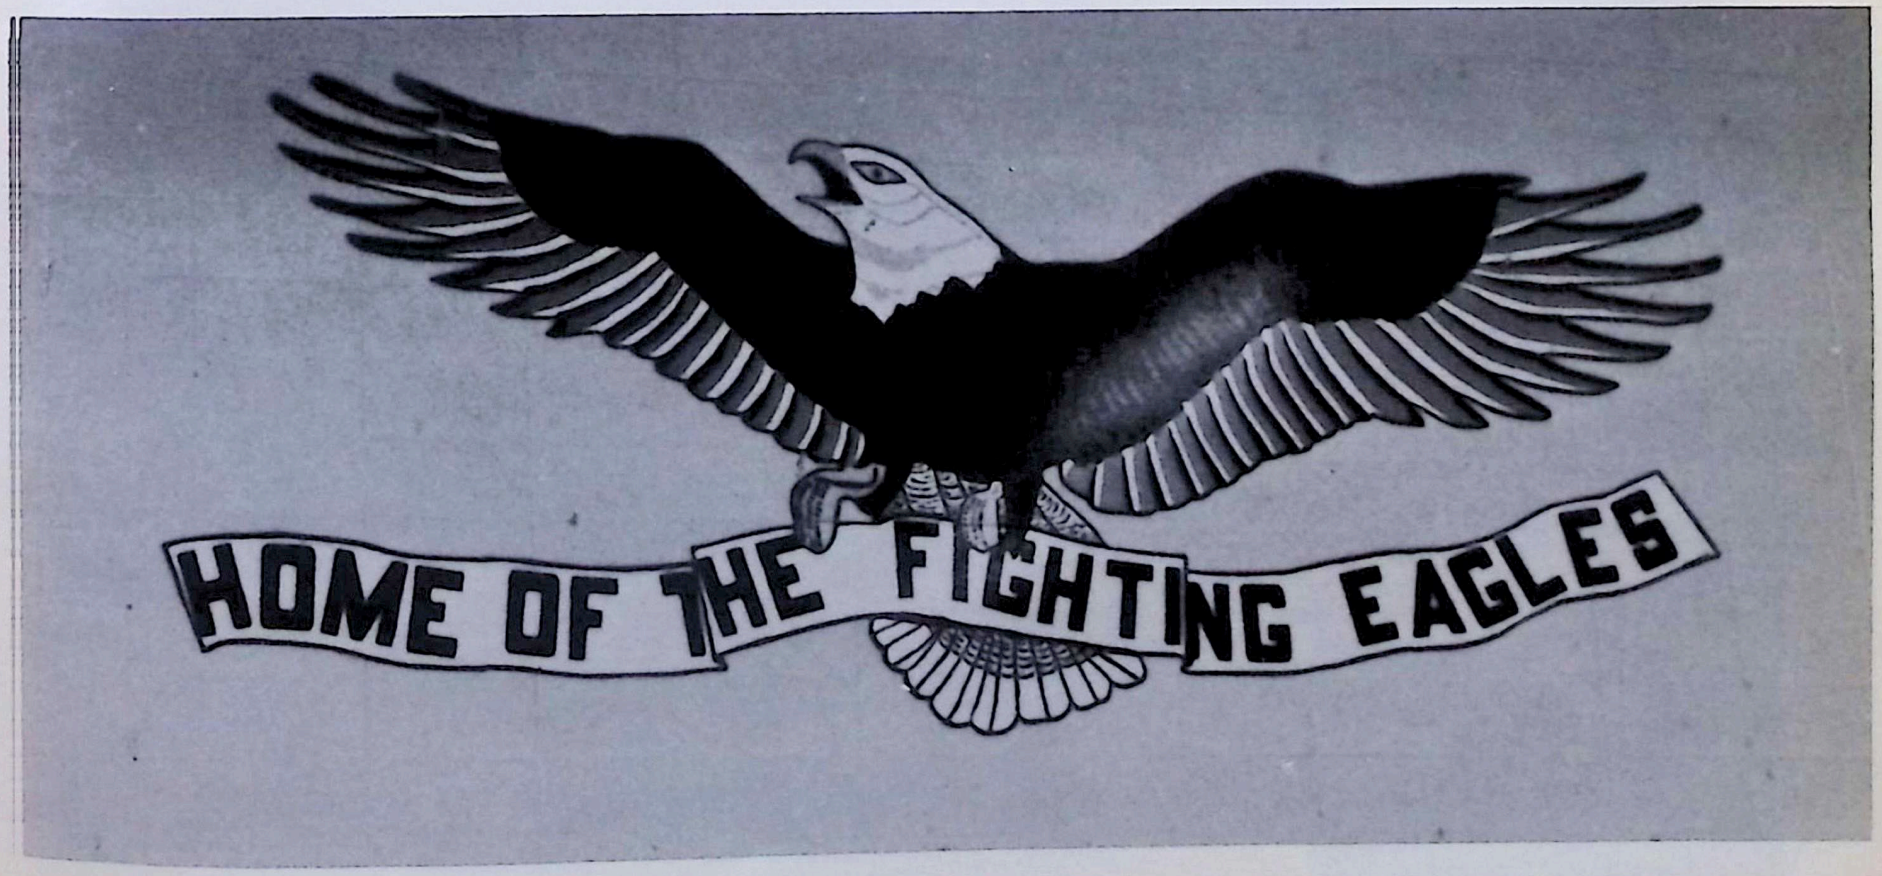
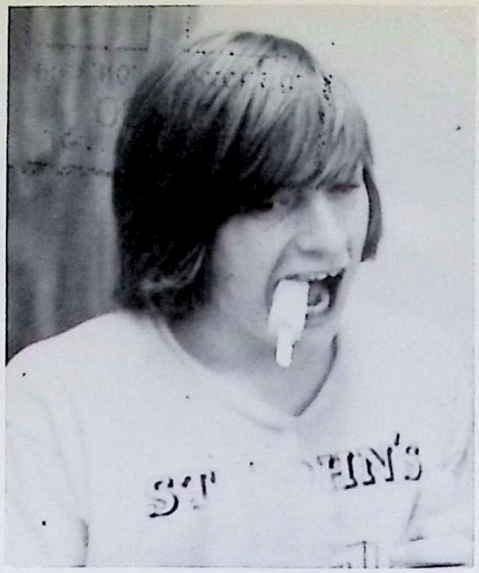
ST. JOHN'S SCHOOL
For the Deaf

Milwaukee, Wisconsin





JOE FREDERICK

Our wonderful, active school engineer, Joe Frederick worked very hard around St. John's School for the Deaf for 62 years, from the time graduated from the eighth grade and Msgr. Gerend, Rector, asked him to accept this responsibility, until his death.

He loved the children and always served and thought about us. While others slept, he was out, plowing the snow so that day students could come in. He was checking rooms to be certain that the temperature was right for sleeping comfort. He was always willing to help whenever we needed him to make repairs.

He completed 62 years of service on June 28, 1974.

Joe was born March 19, 1898. He has a brother who lives in Cudahy and a sister, Sister Reynildis who has worked at St. John's School for the Deaf for over 50 years.

On September 17, 1974, Joe died at Trinity Memorial Hospital in Cudahy after being ill of cancer for three years.

And so we dedicate this issue of the Green Spirit to JOSEPH FREDERICK.

FATHER DONALD F. ZERKEL
Director
Teacher of Religion

To the Class of 1975:

We will all miss you. You are a class with spirit and humor. You have accepted responsibility and have demonstrated maturity in many things.

Everyone wondered what happened to you when you didn't come home from the Senior Trip. That was an adventure! But you never complained about our motor home difficulties. You were patient and you shared everything with real friendship. You proved your maturity by coming home the last 1,000 miles without me.

Three of you also went to Sister Bay with the top ten ticket salesmen. This proved your leadership and made it possible for us to know you even better.

Your Class also spear-headed the largest candy sale at Christmas time making a $3,500.00 gift to the school.

We will all remember you for your wit, your energy and your friendship. We hope to see you many times again in years to come. God bless you.

Dear Graduates,

DEADLINE . . . Deadline . . . deadline.

That word seems to take on a special meaning these days. Everything must be done by a certain day or hour, or life just can't go on. Or so we are made to believe. We prove our acceptance of this myth by trying to pattern our lives into neat little boxes marked DEADLINE. How frustrated we become, or others become with us, if we let one of these DEADLINE boxes pass by!

True, there are some things in life that must meet DEADLINES. How about that term paper or that party scheduled for spring! There are many little boxes in our lives that have no right to be marked DEADLINE. The truth is that we can't really be ourselves if we are boxed. Certainly LOVE and GENEROSITY cannot be boxed. Love of self, love of others, and love of God are shown by the generous way we live. There can be no DEADLINE to the number of times we give of ourselves.

As you graduate from high school, you move into a life where DEADLINES must still be met and LOVE and GENEROSITY make more demands on you.

Your friend,
Sr. Roberta

PHILOSOPHY

We believe that the class of 1975 has made the most of its educational opportunities, and its members look forward to success and happiness in life. We believe that we have developed reliability and integrity, and we have learned to cooperate with each other and all those around us, now and in the future. We believe that we can bring love and happiness to others by developing our own feeling of love and Christian spirit. We believe that by developing wholesome personalities, and by accepting and forgiving the shortcomings of others we can develop greater maturity and become true Christians.

RANGER RICK NATURE CLUB PLEDGE:

I give my pledge as a member
of Ranger Rick's Nature club

to train my mind to learn the
importance of nature.

to use my hands, to help protect
our soil, water, Forests, and
wildlife.

and by my good example to show
others how to respect, properly
use and enjoy our natural resources.

The purpose of the club is to acquaint the children with the needs for preserving our environment and to make them conscious of pollution and how they pollute.

The club is guidelined from the national headquarters in Washington, D.C.

Each month the club is responsible to learn outlined material and to demonstrate actively their willingness to "Clean-up" their environment.

The club sponsored several field trips to anti-pollution agencies in Milwaukee and spent one full day at a Nature Study Camp in Cederburg.

The club is planning a "teach-in" program for the elementary wing in early June.

Officers are rotated monthly.

LEFT TO RIGHT: Mrs. Gerber, Leader, Donna Wozniak, Donna Davis, Joanne Leonard, Brenda Parisot, Marlene Chidichimo, Mrs. Ross Leader, Mary Beth Starr, Shelly Brawner, Margaret Wawrzanek, Janet Jerins.

Girl Scout Troop 707 is made up of girls from 9 to 14 years of age. The girls are resident and day students.

This year the girl scouts participated in a wide variety of activities. In fall they made corn husk dolls with the troop from Sacred Heart School. They had fun together.

They sang Christmas Carols at an old people's home in December.

The troop went on a 15 1/2 mile hike and then on a two day camping trip in spring. They learned many things. Most important, the girls learned to work together.

Before school was out in May, there was a ceremony. Parents, teachers, and friends were invited. The girls told about their year in scouting. Then, they received the badges they had earned.
